4. Assignment requirements

For each **admitted applicant** a **general score** will be calculated on the basis of the **GRE General Test results (all sections included)**. For the **minimum score required** see art. 2 “Application requirements and incompatibility”.

In particular the **general score** will be calculated as follows:

Analytical Writing: **score obtained/6**

The **final score** will be obtained by **summing up each result**.

Example:

Verbal Reasoning: $160/170=0,94$
Quantitative Reasoning: $158/170=0,92$
Analytical Writing: $4/6=0,66$
General score: $0,94+0,92+0,66=2,52$

5. Assignment procedure

For each call, two **list of standings** students (*Engineering and Architecture*) matching all requirements indicated in art.2 will be drawn up based on the scores resulting from the calculation as explained in **art.4, from the highest score in descending order**.

Assignments will be based on the number of scholarships available on each call.

In case of **equal scores**, the result obtained in each section of the **GRE General Test** shall **prevail**, considered in the following order:

1. Quantitative Reasoning
2. Verbal Reasoning
3. Analytical Writing

In case of a **further equal score**, preference **will be given to the youngest candidate**.

In case the scholarships available for a specific field (*Engineering or Architecture*) are not all awarded in a specific call, the remaining scholarships will be transferred and made available to eligible students of the other field according to the list of standings.

In case of scholarships not awarded in the three calls, Politecnico di Torino **reserves the right to reassign them** considering all the eligible TOPoliTO students of the three calls divided in two single lists of standing (*Engineering and Architecture*) **from the highest score in descending order.**

6. Publication of list of standings

Two separate lists of standings with eligible applicants for *Engineering* and *Architecture* field will be published as follows:

Call	publication of 1 st provisional list of standings	publication of final list of standings	deadline for the acceptance of the scholarships by the winner students	publication of update final list of standings upon reassignment in case of withdrawal of winners

2 nd	June 20 th	June 26 th	July 2 nd	July 9 th

The lists of standings will be published to the online Official Register of the Politecnico di Torino (https://www.swas.polito.it/dotnet/albo_online/) and on the [TOPoliTO project website](#).

Publishing the lists of standings in the online Official Register of the Politecnico di Torino and in the TOPoliTO project website will be, for all intents and purposes, the only official notification of scholarship awarding. Politecnico di Torino assumes no responsibility for the applicant's failure to view the standings and/or to accept the scholarship according to the terms published in the online Official Register of the Politecnico and in the TOPoliTO project website.

7. Acceptance of the scholarship

An e-mail message will be sent to eligible applicants that could be assigned the scholarship. This e-mail will summarize the terms for the acceptance of the scholarship. Nevertheless, this message does not constitute an official communication of the outcome of the selection.

Assigned students will have to officially accept the scholarship according to the procedures indicated in the mentioned e-mail and within the deadlines indicated in art. 6, under penalty of loss of the scholarship itself.

By accepting the scholarship, eligible students will state their full acceptance of the conditions laid down in the call for applications, and declare, under their own full responsibility, that they do not fall within any of the conditions of incompatibility laid down in art. 2 of this call for applications. They shall also commit to notify the university of any variation in the declared information which may arise during the year.

8. Requirements for the payment of the scholarship

- the submission of the original **GRE General test certificate at the time of the enrolment**;
- the possession of the **maintenance requirements** explained in art.9.

Payment of the scholarship will occur in monthly installments. In order to receive the payment, scholarship recipients will be required **to open a bank account in their name in an Italian bank**.

9. Requirements to maintain the scholarship

The student will **maintain the scholarship** for his/her second year of the Master of Science program provided that he/she will maintain the following requirements:

- achieve a **minimum of 40 credits within September 2020 (Autumn examination session – a.y. 2019/20)**. In case this requirement is not met within the deadline, the payment of the scholarships will be stopped.

Please note that the following credit will not be considered in the minimum number of achieved credits:

- a) extra curricula or recognized credits** (i.e. exams passed in a previous university career);
- b) credits related to language exams or recognized certification even if taken in Politecnico di Torino**;
- **not have been assigned any other Italian or foreign scholarships** (see art.2).

In case one or more of those requirements are not met, the payment of the scholarships will be stopped.

Scholarships have a maximum duration of two (2) continuous years, after which the student will be responsible for his/her expenses until graduation, as well as tuition and any other fees. The amount of the scholarship will not be increased in case the student needs more time to graduate than indicated.

⁹ Deadlines to enroll will be published in the Student Guides (https://didattica.polito.it/index_en.html)

Credit recognition¹¹: scholarship recipients enrolled in a Master of Science program can accept a **maximum of 20 recognized credits** to maintain the scholarship. In case a wider recognition of credits is possible, assigned students will be asked to choose whether to accept it or the scholarship.

Outgoing mobility: TOPoliTO scholarship recipients can apply to outbound activities in the frame of the mobility calls. Nevertheless, due to the impossibility to be the recipients of other scholarships, the only financial support for the outgoing mobility will be TOPoliTO scholarship.

Costs not covered by the scholarship: TOPoliTO scholarships do not include tuition fees, travel and accommodation costs, which are thus totally at the expense of the student.
